

Maintenance Spray

4 Exterior Perimeter Sprays

(which is every two months during the active months of March-October – NOT quarterly!)

- Springtime Spray: Perimeter foundation
- Summertime Sprays (2): Perimeter spray where ants frequently travel
- Fall Time Spray: Foundation spray to carry your home through the winter months

Purposes of a Maintenance Spray

1. Keep your Carpenter Ant guarantee
(if you originally had a full carpenter ant treatment)
2. Minimize pests
3. Reduce spiders -- Does not necessarily eliminate all spiders
4. Monitor pest problems
